Upstate New York Transplant Services Community Blood Service is proud to announce open-to-the-public blood drives for the month of August 2010.

BUFFALO, NY – Upstate New York Transplant Services Community Blood Service is proud to announce its open-to-the-public blood drive schedule for the month of August 2010. **For placement on Community Event Calendars.**

In keeping the blood program community-based, Upstate New York Transplant Services Community Blood Service ensures that local donations go to local patients in need at local hospitals. In addition, the service is saving area hospitals as much as 30% per unit with projected five-year savings to the region totaling \$20 million. Outside of personnel, transfusion costs are among the highest regional hospitals face.
